## **OUR HISTORY**

Academia Stella Maris was founded in February 2016 to provide a Catholic education for families. Initially, the school operated one day a week in the hall of St. Catherine of Siena church in Metcalfe, Ontario.

## **PHILOSOPHY OF THE SCHOOL**

Education is a parental responsibility and school is an extension of the home. The school provides an educational program where teaching and learning experiences are guided in the light of God's Word and the Catholic Church.

We believe that parents should be the primary educators of their children, whether the children attend a formal school setting or not. We recognize that a growing number of families are choosing to educate their children at home, but for many reasons are not able (or do not want) to do this full-time. Therefore, we are offering many options to help you find the best fit for your family.

With teachers and parents working closely together in every phase of development, there is a bright future ahead for the student, the family, and the world.

## **MISSION STATEMENT**

Our mission is to teach a bilingual curriculum, rooted in the Catholic Faith, that will expand the life of each child by feeding the soul as well as the intellect. Children are taught in the concept of love and the discovery of their God-given gifts. They are challenged to discover God's purpose for them.

High academic standards are promoted by helping students gain skills in creative and critical thinking. Our responsibility for the student encompasses spiritual, intellectual, physical, social, and emotional development. God's truth permeates in all areas of the curriculum. We are not only textbook-oriented but also student-centered.

Our students: the salt of the earth, the light of the world. Tomorrow's hope!
